

Degree Title	
Catalog statement (One or two sentences describing this degree. The description is optional, especially if covered in the information in the General Information in the catalog.)	

For **undergraduate** degrees, please make sure to fill out the entire template below.
 For **graduate** degrees, please fill out only fields applicable to your degree (Prep for Major, Requirements in the Major, Electives).

Course Requirements	Total
<p>General Education Requirements List all of the GE courses that are included in your degree program (in Preparation for the Major, Requirements for the Major; or Electives) and subtract the # units from 51. Input the number of GE units in your program under General Education Requirements and input 51 minus the number of GE units in your program in the Total column.</p>	
Of the 51 units required by the university, may be satisfied by specified major and support requirements. Consult major advisor for details.	
<p>American Institutions Of the 6 units required by the university, all may be satisfied within general education requirements as specified in the schedule of classes.</p>	(6)
<p>Physical Education Preparation for the Major List all of the courses that you feel are preparation for the major. These would include prerequisites for other courses as well as basic knowledge that all majors should have prior to taking any degree requirements. List each course, as well as the number of units. Once you have completed the list, add up all of the units and input them in the Total column.</p>	2
<p>Requirements in the Major List all of the courses that are required for the major (a minimum of 36 units for BS degrees and a minimum of 24 units for BA degrees). You may choose to divide these courses into categories such as: Common Core; Required Major Courses; Required Capstone; etc. List each course, as well as the number of units. If you have broken the Requirements in the Major into categories, subtotal each category. Once you have completed the list, add up all of the subtotaled units and input them in the subtotal column; then add all of the subtotals for the Total column.</p>	
<p>Electives Indicate if the electives are part of the Requirements for the Degree or open electives. If they are 'open' electives, they are not included in the required # of units for a degree (36 is a BS, 24 is a BA). Either way, please list the electives and/or input the unit total in the Total column.</p>
