

Undergraduate

Graduate

Experimental

Submit completed form and a required accessible syllabus via email to curriculum@sjsu.edu. We do not accept hard copies or scans. The deadlines for submission are December 18 for inclusion in the following Fall CMS catalog and program requirements and May 20 for inclusion in the following Spring CMS catalog. If you have questions, or need more information, please visit the Graduate and Undergraduate Curriculum webpage at <http://www.sjsu.edu/ugs/curriculum/> and/or call 924.2449 or 924.2445. Please note that all New Permanent Course Proposals must first be approved by the department and college curriculum committees and signed off by the library liaison and the Dean's Office before submission to the Graduate and Undergraduate Program Office. ALL course materials must be accessible; tips on course accessibility are available from Center for Faculty Development.

Catalog Information

1. Home Department	2. College	
3. Course Subject and Number	4. Effective Term	5. Regular Session Special Session Both
6. Course Title		
7. Abbreviated Title (no more than 18 characters)	8. New Subtitle (Topic courses) (no more than 18 characters)	
9. Course Description (no more than 40 words; all upper-division courses require at least one prerequisite)		
9a. Prerequisites	9b. Co-requisites	
9c. PeopleSoft Screening. <i>Indicate if you wish to have screening based on your noted prerequisite. (No lower division courses may be used for a PeopleSoft enrollment requirement due to the large number of transfer students)</i>		
10. Grading Method	11. Units	

12. Will the course be repeatable for degree credit (NOT grade forgiveness)? YES NO
 12a. How many units of degree credit will be allowed for this class? Please input a number of units
 12b. If YES, is the course repeatable in the same semester? YES NO

13. Course components and staffing formula. *Indicate the course classification (C/S) number(s), number of units and number of hours the course will meet. The descriptions for these C/S number, indicating the number of hours that should be scheduled for each unit for each classification type, may be found on the Course Classification form at http://www.sjsu.edu/ugs/docs/Course_Classification_Inf_for_CMS.pdf.*

Component	CS number	Hours	Units
Lecture (C1 – C4)			
Seminar (C5 – C6)			
Lab (C15 – C16)			
Activity (C7 – C14, C17 – C21)			
Supervision (S23 – S48)			

- 13a. If the class has multiple components, indicate how you wish the course to be scheduled
 MANUAL (each lecture is linked to specific lab or activity)
 WILD (any lecture may be taken with any lab)
